# SHOW DIRECTOR 5

The **NEW Show Director 5.0** takes the fastest, most flexible choreography solution to an entirely new level.

- For **digital** or **manual** firing systems.
- Multimedia choreography **synchronizes and controls** any show element on screen.
- WAV file display window for **MORE** control, **MORE** creativity, **MORE** effects.
- Supports **DIRECT SMPTE** Time Code scripting.

# NEW Features!

## TOOLBARS

- Complete overhaul of menu system to modern, XP style, breakaway toolbars that may be placed anywhere.
- All major functions easily accessible with a single click.
- User controls over which toolbars are visible and which icons are shown.

- One click formatting of all grid columns – font, font size, font style, alignment, and colors.
- Re-order columns any way you like by selecting the header and dragging to desired location.
- Different toolbar and grid layouts are supported for each named project.

# MORE NEW Features!

## **SORT AND FILTER MANAGERS**

- Filter & sort one or all columns, ascending or descending.
- Unlimited number of named and storable sorts and filters.
- Quick access to View, Filter, and Sort selection toolbars
- 32 combined Sort and Filter Manager "views"
- Dynamically arranged columns displayed by sort order.
- Import and export Show Scripts, Cues and Effects easily.
- Export effects from Script to new Effect Manager files.

## **FIRING TABLES MANAGER**

- New integrated Firing Table Manager supports multiple Field Controllers.
- Consolidates all functions to create and download tables to Pyrodigital Firing System.

## **WAV DISPLAY**

- Improved control of WAV capture and playback.

## **FILE INTERFACE**

- Compatible with any firing system; export scripts to multiple file formats: CSV, XLS, mdb, etc.
- Quick access "Recent Project" file list.
- All grids print in WYSIWYG format
- File support and plug-In ready for "Visual Show Director" fireworks simulation software.

## **DONGLE KEY**

- New USB and Parallel Port protection key, upgradeable remotely. Demo version available.

All of the **NEW FEATURES** in Show Director 5 are in **addition** to the feature set that has already made Show Director the professional's choice...

- Time saving & creative choreography.
- Direct SMPTE time code scripting.  
*The new SMPTE modem supports 30fps, 29.97 fps-drop frame, 25 fps, and 24 fps.*
- Graphical display of music via WAV files and time source code.
- Create firing sequences automatically.
- Filter and split scripts for different firing locations from the main script.
- Download projects with multiple tables directly onto the field controller.
- Compose new shows from existing shows.
- Import your existing product inventory database.
- Inventory tracking in Effect Manager.
- Customize unlimited Show Director databases for various products and projects.
- Export script to Excel, Access, and other databases for complex data management.
- Calculate show costs. Keep track of expenses and number of devices used, for effective budget and inventory control.

The **PREMIER** professional pyrotechnic/multimedia choreography software just got **BETTER**.

The **COMPLETE,**  
**PROFESSIONAL**  
**SOLUTION** preferred by  
the best in the business...

"**Show Director** has helped Pyro Spectaculars by Souza to reach unparalleled levels of creativity and world-class show designs...from Japan to Montreal...Macy's to the Olympic Games...and thousands of other events. Bravo!"

- **Jim Souza**  
President, Pyro Spectaculars by Souza

"I use **Show Director** with any show over 25 charges. I find it a very useful tool in setting up the show as well as the choreography..."

- **Thaine Morris**  
President, MP Associates

"**Show Director/Pyrodigital** has fundamentally changed the way I work. It is like finding a light switch in a dark room. It has made the same difference to pyrotechnic show design as Word® did to the typewriter. Show Director is programmed with the designer in mind."

- **Chris Fritsch** / Director Show Design  
Zeundwerk Feuerwerk, Germany

"When the first version of **Show Director** was made available, it instantly changed our lives. Suddenly we had control over our COMPLETE concepts again. Every upgrade of Show Director has increased our creative speed and production accuracy over the previous version. In short, Show Director and Pyrodigital have changed the basic approach of how we produce and integrate our products worldwide. Show Director integrated so quickly and completely...that I cannot imagine an alternative."

- **Eric Tucker**  
President, PPA Spectaculars

**Show Director is used by the biggest names in the business at the most important shows and events all around the globe...**

USA	SWEDEN
UNITED KINGDOM	SWITZERLAND
CANADA	DENMARK
